

PRESS RELEASE

**Titan Health Corporation Scheduled to Begin Construction on New Jersey Surgery Center Next Month**  
April, 2007 | Sacramento, CA

Titan Health Corporation is pleased to announce a new surgery center project currently under development in Mt. Laurel, New Jersey. The ASC will be named Millennium Surgical Center and will specialize in orthopedics, spine surgery, pain medicine and podiatry.

Millennium Surgical Center will be housed in a newly constructed 10,750 square foot building containing four OR/procedure rooms and pre-/post-operative recovery space. Construction is scheduled to begin in late May, and the center is expected to open in the fourth quarter.

Millennium will be Titan's third ASC in New Jersey. The company's first – Lakewood Surgery Center – opened in 2005 and is located in Lakewood. The company's second will open this summer and be located in Manahawkin.

"We're excited to be opening our third surgery center partnership in New Jersey before the year's end," said Marc Jang, Titan Health Corporation President and CEO. "Millennium will feature a large number of skilled physicians, as well as a variety of specialties, to safely and effectively serve the Mt. Laurel community."

For additional information, please call (916) 614-3600, or visit [www.titanhealth.com](http://www.titanhealth.com).
